Eight Sinn Feiners Are Under Arrest

(By United Press)

London, Oct 26.--A vengeance expedition of eight Sinn Feiners enroute to England to attempt reprisals for the death of Lord Mayor MacSwiney were apprehended today at Kingston, Ireland. Premier Lloyd George, it is known, has been marked for assassination following the death of the Lord Mayor. The eight men were described as being of desperate character and wore Sinn Fein uniforms under their outer clothing. They were seized by soldiers just as they boarded a boat for England. Various disguises were carried by one of the party in a suit case. They were dragged ashore and placed under military arrest.

London, Oct. 26.-Impressive funeral honors will be accorded Terrence MacSwiney, who began life as a clerk and died in a spectacular manner for Ireland.

The home office promised today there would be no interference with plans of Irish leaders who announced that MacSwiney's body will lie in state in St. George's Cathedral, to be carried later in solemn procession to entrain for the journey to an Irish grave.

Officials said the only restriction on the funeral services will be that no Sinn Fein firing squad will be permitted to officiate at the grave. One of MacSwiney's last requests were that the funeral orations be pronounced in Gaelic. There was no official opposition to that.

The deputy lord mayor of Cork arrived here today with a body guard of fifty Sinn Fein soldiers and representatives of many Irish societies. It was reported that Dail Eireann, the Irish parliament, may attend the services in a body, only those members especially sought by the police remaining away.

After the inquest, expected to be concluded Wednesday morning, MacSwiney's body will be taken to St. George's Cathedral. It will lie in state, under guard of his followers until 11 a. m., Thursday. At that hour solemn high mass will be celebrated by Bishop Mannix and Bishop Cotter of Portsmouth.

Late in the afternoon a funeral procession will be formed to pass through many of the principal streets enroute to a railway station.

Police promised every assistance and asked co-operation by the Sinn Fein to prevent demonstration. They urged that the marchers refrain from carrying flags or banners or conversing with spectators.

With three of Ireland's hunger strikers now dead, it was reported three more in the Cork jail were near collapse. Joseph Murphy, the third to die, passed away in his sixty-sixth day of fasting.

Monessen is Preparing for Donora High

Next Saturday at 3 p. m., the local High school football team will line up against her old rival, Donora High in what is considered by both schools the biggest game of the season. Although Donora has never been able to defeat the locals on the gridiron, yet she always plays her best game against Monessen and the outcome of every game is uncertain until the whistle blows at the end of the contest.

Last year Donora held Monessen's crack team to a 6-0 score and they are rated much stronger this year. Also they are coming to Monessen imbued with the spirit of victory and can be depended upon to put up an aggressive battle against the locals. Monessen also has a fine combination this year and are determined to again turn back their invading rivals with a decisive defeat.

Much more interest is being shown in this contest than in any other game on the local schedule. The spirit of the fans is expressed every where by the following quotation: "Get the Donora game if you lose every other game on the schedule." So important is this game considered that the locals are planning to have the Italian band play on this occasion. Also, a request will be made for extra police to take care of the immense crowd that is, expected. It is believed that 5,000 people will witness the contest as not only Monessen and Donora are interested in the outcome of the game, but all the towns in the Monongahela valley.

The Monessen team was given a rest last night in order that they may be in the pink of condition for the big game Saturday. However, they did not have a night off. Blackboard drill was held, and plans outlined for the week's work. The teams will be equally matched in weight and speed and the outcome will depend largely upon which team possesses the better knowledge of the game.

The style of play of the two teams is somewhat is contrast. Donora resorts largely to trick plays, forward passes and end runs, while Monessen depends largely upon a covered smashing attack.

It is uncertain how the local team will line up for this game as the splendid showing of the local team's subs in the last two games makes the competition for positions keener than ever. Coach Townsend will keep his eye on every man this week for the purpose of selecting the very strongest combination available.

Americans Murdered

Washington, D. C., Oct. 26.--Two American citizens were murdered yesterday at Vega de Oteta, the State Department was informed today. Vega de Oteta is near Tampico and the men murdered were Arthur Mosley and Gustav A. Falier. No details of the killing were reported.

Youthful Thief

Boasting of her connection with a bandit gang, police say, Catherine Licht, aged 16, of Buena Vista, Pa., arrested Saturday in connection with the robbery of the home of Frank Gillingham, North Clairton, October 20, was remanded to jail in Pittsburgh yesterday to await hearing. Clothing, said to have been part of the loot from the Gilingham home, was recovered in East Pittsburgh, where she is said to have admitted leaving it.

According to an alleged confession Miss Licht entered the Gillingham home by forcing a rear window after she rang the door bell and received no response.

New Meat Market

Saturday morning a new meat market in an old location, will be opened to the public when Rozner & Co., open their doors with a full line of fresh and smoked meats. The new establishment will be located at 231 Schoonmaker avenue in the store rooms formerly occupied by M. Rozner for a number of years, one of the leading meat merchants in the city. Mr. Rozner retired several weeks ago from active business, but owing to the great demand of former customers has again opened his old stand, but will not be actively engaged in the business, having taken into partnership Albert Winkler, who will manage the market.

Mr. Winkler is not a new man in the local business world, having for a time conducted a wholesale meat business and also a market here and his former experience in both buying and selling of meats should assure the customers of the new establishment the best of service. The new manager is a former overseas veteran and is deserving of the patronage of the people of this community.

ODD FELLOWS NOTICE

The new By Laws will be acted on next Thursday, Oct. 28th. All members are requested to be present at 7:30 p. m., in Moose Temple.

Prince Paul to Reign

(By United Press)

London, Oct. 26.--Prince Paul has been called to the Greek throne to succeed his brother, Alexander. Owing to his absence from the country at the present time, a regency will be established and a council of cabinet ministers will rule the country until this is accomplished. The legation announced that the constitutional power of royalty will be exercised.

Athens, Oct. 26—King Alexander of Greece died yesterday afternoon at 4:10. Death resulted from apparently trivial injuries sustained when the king was bitten by a pet monkey in the Royal zoo. Blood poisoning developed from the bites.

The death of the king raised the question of succession. Who will name the next ruler and who it shall be were cause of speculation. King Alexander was the second son of the deposed King Constantine and the heir presumptive is Alexander's younger brother Paul. However, the question of Paul's availability has been raised and the suggestion made that a foreign prince be given the throne.

In 1917 an atempot was made to declare a republic with Premier Venizelos as the first president. It was regarded as possible that the cry would be raised again.

Havre, Oct. 26.--Nine stokers killed in an explosion on the liner La France were taken ashore here late yesterday for burial. Five more stokers were injured. The liner will make another start for New York as soon as repairs are completed.

New York, Oct. 26--George Washington went to prison as a pickpocket; "William Wilhorf Astor" was freed of a bookmaking charge and "Miss Mary Anderson" were sent to the penitentiary all in the same court.

PROMINENT ORATORS TO BE HERE FOR BIG OPEN AIR POLITICAL MEETING

At an enthusiastic meeting of Republican county committeemen and other prominent Republicans of this city last evening plans were formulated for a monster rally and parade here Saturday evening. Committees were appointed to complete arrangements for the affair which promises to bring to a fitting climax a successful campaign the Republicans have been waging not only in the county and state but over the entire nation.

Assurance has been given the committee in charge of the affair that all the candidates on the Republican ticket in the county will be present on this occasion and they will be given every opportunity to meet the voters. Hon. C. E. Whitten, a prominent attorney, of Greensburg, will be the principal speaker for the evening and Attorney Adam Wyant Republican candidate for Congress will also deliver an address at which time he will fully discuss the menaces of the League of Nations. Other speakers well known in the county, will be present and take part in the program which will be an open air affair held at the corner of Fifth street and Donner avenue.

Preceding the speaking a parade will be held headed by a local band and the candidates and county committee following in automobiles. The route of march will be over the down town business streets and the speaking will take place immediately after the parade. Not only will the voters, both male and female, be given an opportunity to meet the various candidates on the county ticket, but at the same time they will hear the vital political issues of the day fully discussed and a special invitation is extended the women voters to turn out in order that any doubt they may have in regards to certain issues may be explained in detail that they may in this way be enlightened.

Takes Own Life

James Price, 41 years old, millworker, of 1103 Fremont street, McKeesport, was found dead in his bed room yesterday morning with a bullet in his head and a revolver lying by his side. Police say the man committed suicide soon after returning home from work.

Despondency because of his wife's alleged infidelity was the cause of the suicide, according to the police.

Last Friday night, according to the police, Price, returned home from work and found his wife in company with John O'Hara, of Fifth and Center streets, McKeesport. O'Hara was arrested and at a hearing before Alderman W. D. Mansfield Saturday night was held for court.

PIANOS ARRIVE

With the arrival of two car loads of pianos yesterday, additional plans were completed for the opening of the new music store at 506 Sixth St., by C. H. Wilt and just as soon as the plate glass display windows arrive and are installed, this new establishment will be opened to the public. The store will be the largest and most exclusive music store in the upper Monongahela valley and will fill a long felt need in this vicinity for such an establishment.

Charged With Assault

Albert Domiador, arrested for disorderly conduct after he had thrown hot soup over Mrs. Dora Matam, with whom he boarded, appeared at the police station yesterday morning shortly after police court had adjourned. Burgess Stewart immediately got in touch with the victim of his rash act and a warrant was sworn out for the man's arrest on a charge of assault and battery. Bail was furnished and he will be given a hearing before Justice of the peace J. B. Wise. The woman, although suffering great pain from the mass of burns that cover her face is in no serious danger.

Henry E. Johnston, aged 73 years, died last night at 8:45, following an illness caused by complication of diseases. His sickness covered a period of fifteen months. His death occurred at the home of his niece, Mrs. Charles Miller 482 Clarendon avenue, from which place the funeral services, in charge of Rev. Van Suan will be held tomorrow afternoon at 2:30, with interment in the Gibsonton cemetery. The deceased was a pioneer resident of this vicinity and was the son of the late William and Elizabeth Johnston, early settlers in the upper Monongahela valley.

Injured in Accident

Harold Watson aged 24, of Belle Vernon, had his right arm broken in two places and suffered severe and painful wounds of the right shoulder yesterday afternoon at 3 o'clock when a motor car in which he was riding turned turtle on the road above Belle Vernon. Two other young men, one injured, were occupants of the car. Both escaped injuries. The car was managed to a considerable speed.

Scottdale, Oct. 26.--Michael Vargo, aged 16, was crushed to death today when he fell into a bread mixer at the Crystal Bakery here. He was smothered to death in the dough before his body was crushed by the machinery in the mixer.

Surprise Party

A most enjoyable surprise party was held at the home of Mrs. Nancy Darrah on Schoonmaker avenue last evening. This party was given in honor of Mrs. A. V. Johnson, who, with her husband, will leave for Youngstown, Ohio, tomorrow evening, where they will make their future home. Mrs. Johnson had been invited to attend the movies in the early part of the evening and was asked by Mrs. Andy Jenkins to go and see if Mrs. Darrah would not accompany them, but on entering the home of Mrs. Darrah, she found 35 of her lady friends and these ladies were members of the Woman's Benefit Association of the Maccabees, of which she is a member.

The evening was spent in games and music and at eleven o'clock a three course dinner was served. Just before the guests partook of the delicious dinner Mrs. David Henderson made the presentation speech and presented Mrs. Johnson with a beautiful leather purse, which was appreciated very much. Mr. and Mrs. Johnson leave Monessen with the best wishes of all their friends.

Those present were: Mr. and Mrs. A. V. Johnson, Mr. and Mrs. William Darrah, Mr. and Mrs. Tom Underwood, Mrs. Martha Plum, Mrs. David Henderson, Mrs. Mae E. Wadsworth, Mrs. M. Graul, Mrs. N. Smyth, Mrs. A. Blose, Mrs. Beer, Mrs. J. Kellar, Mrs. McCauly, Miss McCauly, Mrs. Emil Weidy, Mrs. H. Reabe, Mrs. N. Labrosse, Mrs. Z. Debbrige, Miss Mary Pumm and David Henderson.

Improve Road

Announcement that a contract has been awarded the Donora Construction company for the improvement of the road leading almost to the Monongahela Valley Country club by the city of Monongahela, will be welcomed by many residents of this vicinity, who are members of the club. Red dog will be placed on the road at Cemetery Hill within the city limits of Monongahela, which will include a stretch of bad highway to Hole No 2 on the club grounds. This will leave but 150 yards of unimproved road on the street. Next week a delegation of citizens of Donora, Charleroi and Monongahela will go to Harrisburg in an effort to have the State Highway Department improve with red dog the entire road leading from Lock Four to Monongahela.

Fire Prevention Reports

Fire Chief W. B. Laird, assistant in the Bureau of Fire Protection, has just completed checking up over 4,000 questionnaires of local school children who were given the blanks in connection with Fire Prevention Day observed throughout the state on October 9th. The reports as a general rule showed that precautions are being taken in the majority of the homes of Monessen to eliminate dangers of fire traps. Every one of the 4,500 children answering the questionnaires knew how to call the department in case of fire and all promised to do all in their power to co-operate in keeping the fire loss in the borough to a minimum.

Five hundred families were found to be using rubber hose for gas connections and Chief Laird immediately will communicate with the offending families notifying them that rubber hose connections are not permitted.

Seventy-five families, according to the questionnaires are using kerosene to start fires, a dangerous practice that is responsible in many instances for heavy fire loss, as well as death and injury to the user.

Twenty-five families have inflammable material covering flues and this practice should be stopped as it is the means of aiding in starting conflagrations.

Mr. Laird has just received a letter from C. M. Wilhelm, Chief of the Bureau of Fire Protection on the reports of the fire drills held in the local public schools and the Chief expresses his appreciation of the interest taken in Fire Prevention Day here and the exceptionally good showing of the local schools in connection with the drills.

Suspect Under Arrest

(By United Press)

Philadelphia, Oct. 26.--William P. Brines, Penn sophomore, charged with the murder of Elmer C. Drewes, Dartmouth senior, was in Moyamensing prison here today to await the action of the coroner. Inquest was expected to be held next week.

Brines was named in a warrant charging him with the murder of Drewes, shortly after police found his abandoned automobile, which, after a search revealed bloodstains, an automatic pistol with two cartridges missing and two empty whiskey bottles. Drewes' body was found in Oakland, near here, October 17, by a lamplighter. After a week's search by detectives Brines surrendered himself yesterday on advice of his attorney, William A. Gray. Police hint that arrests may follow due to what they claim was unlawful harboring of Brines by relatives while a fugitive.

AFTER MARCH FOURTH

It is quite evident to those gifted with the power of sight that the Wilson League of Nations will never be ratified, so far as this government is concerned The Senate is determined to safeguard America's rights and the election of Cox to the Presidency would merely extend the deadlock over another administration, because Wilson has covered Cox with his Treaty mantle and there will be in the next Senate more than enough Republicans and Democrats who twice voted against the League to prevent ratification

The situation is clear The Democrats, i e, Mr Wilson, have made the League the outstanding issue of the campaign, and are due to be even more embarrassed at the outcome than was the president in the 1918 elections, when he asked the electorate to return a Democratic Congress in order that he might thus become the unembarrassed spokesman of the United States

The election of Cox is one way to defeat the League of Nations, the election of Harding will give us a League that will not conflict with our Constitution, but will satisfy our obligations to the rest of mankind

The probable complexion of the next Congress will be such as to allow a minority to block a resolution declaring a state of peace to exist between Germany and this country It will be just as well President Harding will then be in position to have another go at the League plan with Senate reservations, acceptable to England and France, and doubtless to all other signatories, a treaty would be passed by Congress, signed by the President, and America would assume its proper place in a satisfactory League.

And what will we accomplish by becoming an active member of such a League? That remains to be seen, but with President Wilson's precious article X amputated from the body, of the old compact or from a new instrument, if one is desired to replace the present document, its functioning powers would not be hampered in the smallest degree The League members could still limit armament, submit all questions in dispute to arbitration, agree not to go to war over such disputes until three months after the award or recommendation, and not then unless the defeated party refuses to accept the decision of the tribunal, they could boycott any member breaking the covenant, using force if necessary, and engage in open diplomacy

Our wise forefathers, in writing the Constitution, provided that treaties shall be negotiated by the President with the advice and consent of two-thirds of the Senate One might almost attribute to them the foresight of having anticipated the menace of America's future as represented in the now waning Democracy of the Wilson administration Two heads are always better than one, even though one of them may not admit it

The sons of America did not go to war for the League of Nations, much as Mr Wilson would have us believe that they did They fought and died and were victorious that the country might remain free and unhammered by foreign influence and intrigue Self was submerged for the honor of the country and the parade of victory was already formed when the President stepped in front of it

Now we are ready for an association of nations and the world at last understands the political situation in the United States and will calmly await the action of the new Republican administration, confident that America's participation in international affairs will be in full harmony with the attitude of a people who did not hesitate to risk all in the interest of humanity

THE DANGER OF PANIC

Some business men seem to think that this country is on the verge of a business panic A leading speaker at the recent convention of National Purchasing Agents held at Chicago, gave some good reasons why this view is not justified

As he put it the thing that causes a panic is something with the element of surprise Panics used to come, when as a result of a scarcity of circulating currency, business men could not get cash at the banks With the circulation of money now based on bank credits rather than on any fixed and inelastic amount of bonds or coin, surprise of this nature is impossible

While there seems to be nothing in sight that could create any sudden crash, business may be slow for a time, owing to scarcity of capital and failure of the people to save money When business men have to pay 10 per cent to finance their operations, they are going a little slow in taking on new business

Automobile prices are coming down so fast that a lot of people believe they can now afford the money and buy one

Fordson
TRADE MARK

It is a habit of Henry Ford to thoroughly try out and test any product he manufactures before he puts it on the market. He personally must know it will do all he wants it to do before he will allow anybody else to buy it. For thirty-five years he worked on this Fordson Tractor. He kept buying land until he had something like eight thousand acres in order that he might get a great variety of soil conditions containing the plowing problems that meet the farmers of the world, and then the Fordson Tractor was put to work and made to take all sorts of practical tests for years before Mr. Ford put it on the market.

And therefore, when it came on the market, it was right, it was reliable, it would do the work he said it would do. People have bought it, have tried it out, have tested it, and it has proven to be all that Mr. Ford claims it to be, and this is why that while farm Tractors have been on the American market more than twenty years and while three hundred thousand have been sold one hundred thousand of that three hundred thousand are Fordson Tractors, and yet the Fordson has only been on the market for two years.

It has sold rapidly because when one farmer bought one, he practically converted the neighborhood to the desirability and profit of the Fordson Tractor on the farm.

The Fordson is made small, compact., flexible, dependable. It is made to be much more convenient to handle than a horse. It was made so that anybody of ordinary common sense could operate and take care of it. We wanted to make it so that a mechanic would not have to be sold with every Tractor. It was made by a farmer for a farmer, and it has the endorsement of the farmers—the little farmer and the big farmer. Some farmers have one, some have ten and fifteen, and one farmer we know has fifty-six. It works just as well in the West as it does in the East It is just as flexible in the North as it is in the South. It is just as profitable in the wheat fields as it is in the sugar and rice fields. It is just as flexible and useful on the fruit ranch as it is among the fields of oats and barley. It is just as useful and profitable in the lumber camp, railroad yard, coal mine, as it is in the oil fields or any other commercial line. But especially designed for the farmer, it is especially his necessity.

Because it increases the production of every acre by enabling the farmer to cultivate his ground to better advantage than he can with mule or horse power. It takes the sting and drudgery out of farm work. It is a great conserver of labor expense. Oh, it has so many money-saving advantages that the farmer can't do without it and be progressive and make money.

So we ask every farmer to come in and let us tell him more about this Fordson Tractor. Let us make a demonstration for him on his own farm. Let us test it out to his soil conditions. Let's show him.

Don't delay because there are only so many Fordson Tractors to come to this territory. Get your order in now, and remember that the Fordson after service is prompt and sure. We are supplied with everything necessary to keep your Fordson going every day in the year. Come in and let's talk it over.

Agreement to End Strike

By CHARLES M. McCann
(United Press Staff Correspondent)

London, Oct. 26—An agreement to end the British coal strike appeared at hand today.

All miners' union executives attended a conference with Premier Lloyd George at 11:30 a. m., making it appear that formal negotiations replaced "conversations."

Frank Huges, secretary of the miners' federation, supported that interpretation when he said that the conference of delegates would decide whether the proposed terms should be approved and submitted to a union ballot.

The terms were said unofficially to provide a two shilling per day increase for the miners with a stipulation for increased production.

Laborites were understood to regard the provision for increased production as a dangerous precedent but they were anxious to avoid a general strike. The fear had grown that if a general strike did develop, Lloyd George would seize upon it to call a general election on the issue "nation vs. unions." In that event they foresaw the return of the Lloyd George government by heavy majorities.

Meanwhile the trades union congress went ahead with its plans for an executive meeting Wednesday. Originally called to see what should be done to support the miners, the congress now will consider the general labor situation.

There was said to be a concerted movement to create a high labor command and dissolve the council of action, formed largely to aid in obtaining peace with Russia.

Sex Crushed to Earth

The Star theatre is being extensively decorated in side and out for the great long awaited for picture, "Sex Crushed to Earth," which is playing at that house today and tomorrow. The lobby has been decorated with ferns and foliage and the interior of the theatre presents a very pretty appearance, chrysanthemums, ferns and foliage appearing in profusion. The work is being done by Harry Irwin, the efficient decorator and florist. "Sex Crushed to Earth" is the biggest drawing card of the season and is sure to be greeted by a packed house. Louise Glaum is the star and her gowns in this picture are said to be gorgeous. 1tx

Come in and see a New Edison
which bears a
CERTIFICATE of AUTHENTICITY
signed by Madame Le Fontenay
only 10 of these Official Laboratory Models in our store.

Madame Le Fontenay has pronounced them exact duplicates in tonal quality of the instrument used at High School Auditorium and capable of sustaining with absolute success the same test of direct comparison with her living voice. By signing this certificate, she declares them equal in every respect, to tre instrument which stood beside her last Wednesday night on the stage at the High School Auditorium and amazed all Monessen.
Let us show you and play for you these Official Laboratory Models, which have proved their supreme realism. Come in today. Remember, we have only 10. We shall deliver with each Official Laboratory Model the Certificate of Authenticity which this artist has signed for it. You will prize this New Edison above all other musical instruments It will not only be your means of access to the real voices of the world's great artists; but also a peculiarly precious memento of one of the greatest sopranos of all time.
Ask for the Certified Official Laboratory Model.

Why the Audience at The High School Auditorium was so amazed by
The NEW EDISON
"THE PHONOGRAPH WITH A SOUL"

This was the test made by Madame Le Fontenay last Wednesday at Hign School Auditorium.
She sang. Suddenly she ceased to sing, and the New Edison took up the same song alone.
No one in the audience was able to tell Madame Le Fontenay's living voice from its RE-CREATION by the New Edison.
The phonograph had achieved that marvel of marvels—perfect realism!

Why not let us deliver today one of these New Edisons with Certificate of Autrenticity? You can arrange any way you desire. Step in, or telephone. There's no time to lose.

Square Musical Notes.

Shaped notes, that is, notes of square, lozenge, round and other forms than the conventional notes are hardly known to most people of the musical world. Yet they were strongly indorsed and introduced by Lowell Mason to help in teaching sight singing and they are still used in enormous quantities in the South in rural districts. The scheme of the shaped note is to represent the different degrees of the scale by means of a different shape note For any one who has passed the most elementary stages in scale study the plan is quite useless in understanding tonalities intervals etc and it is not used in the large music centers to any appreciable extent.—The Etude

Stonehenge Remains.

Thus far excavations have failed to solve the mystery of the origin of Stonehenge It had been hoped that by passing into the hands of the government would finally shed light on this mystery for excavations have been previously forbidden by the private owners of the property Thus far however we do not know whether Stonehenge battered and broken as it is today, by centuries of exposure to the winds and rains was originally a Roman temple or a Druidical shrine the work of the Phoenicians, the Saxons or the Danes, or whether it was as has been claimed a center of serpent worship of sun worship a place of sacrifice or of gallows for the execution of eminent criminals.

Not Disinterested.

"You can't judge a man by what his relatives say of him," remarks an exchange No, nor by what he says of himself.—Boston Transcript.

FOOT BALL

Pittsburgh, Pa., Oct. 26.--The University of Pittsburgh players emerged from the Georgia Tech game in a very bad condition, and Coach Warner has a problem on his hands getting the boys in shape for the game with Lafayette College at Forbes Field Saturday. No less than six regulars are sadly crippled up as a result of the bitter struggle with the southern team.

The outcome of the game was very pleasing to Pitt fans as Georgia Tech proved one of the strongest teams that the Panthers have ever faced. In the first half, with Davies crippled in the first few plays, they clearly outplayed Coach Warner's men. In the second half, with the regular quarterback, Tom Holleran, leading the team, and with Davies and Hewitt back in the lineup, the University boys staged a magnificent comeback and pulled the game out of the fire. It was one of the most thrilling battles ever staged on the local gridiron, and was witnessed by 22,000 people.

Much interest is being shown in the game with Lafayette Saturday, due to the fact that the Easton team is coached by Dr. J. E. Sutherland, a Pitt man and one of Coach Warner's greatest guards a few years ago. Sutherland has made good as a Coach, just as he did as a player. He is bringing an aggregation to Forbes Field that threatens to cause a lot of trouble for his old teacher. Pittsburgh's football man, and the chances are that a crowd of over 20,000 will see the Pitt-Lafayette game.

The following Saturday, Pitt goes to Franklin Field for the annual game with Pennsylvania, and then comes the classic W. & J., game at Forbes Field, November 13th. The final is with Penn-State. Thanksgiving Day here. The W. & J. and the State games will draw 30,000 people and thousands will have to be turned away.
